We print on 100% cotton paper in 300gsm and 600gsm in either white or soft white. We can quote on other paper stocks.

We mix our ink by hand so can match to fabric samples or pantone colours to create your desired colour.

We can print smaller quantities, however due to the nature of setup costs with letterpress, each piece will be more expensive.

Feel free to contact us if you have any further questions.
